- 1 Mailing Lists
 - ◆ 1.1 usrp-users
 - ◆ 1.2 discuss-gnuradio
 - ◆ 1.3 srsran-users
 - ◆ 1.4 openair5g-user
 - ◆ 1.5 openair5g-devel
 - ◆ 1.6 openair5g-nr

There are several mailing lists which provide a free and informative channel for getting technical support from NI / Ettus Research engineers as well as from many experts in the SDR community.

The focus of the [usrp-users mailing list](#) is for questions and discussions about the NI/Ettus USRP hardware as well as the UHD and RFNoC software.

The archives for the usrp-users mailing list can be found [here](#).

The focus of the [discuss-gnuradio mailing list](#) is for questions and discussions about the GNU Radio software in general, whether being used with USRP devices or not.

The archives for the discuss-gnuradio can be found [here](#).

More information about the discuss-gnuradio mailing list is available [here](#).

The focus of the [srsran-users mailing list](#) is for questions and discussions about the [srsRAN](#) software stack for 4G/LTE and for 5G/NR from the [srsRAN Project](#) from Software Radio Systems (SRS).

In addition to the srsran-users mailing list, there is also a GitHub Discussions forum for the srsRAN software stack [here](#).

The archives for the srsran-users mailing list can be found [here](#).

The focus of the [openair5g-user mailing list](#) is for questions and discussions from users about the [OpenAirInterface \(OAI\) software stack](#) from [Eurecom](#).

Additional information about the OAI mailing lists can be found [here](#) and [here](#).

The archives for the openair5g-user mailing list can be found [here](#).

The focus of the [openair5g-devel mailing list](#) is for questions and discussions from *developers (not from users)* of the [OpenAirInterface \(OAI\) software stack](#) from [Eurecom](#).

Additional information about the OAI mailing lists can be found [here](#) and [here](#).

The archives for the openair5g-devel mailing list can be found [here](#).

The focus of the [openair5g-nr mailing list](#) is for questions and discussions from *developers (not from users)* of the [OpenAirInterface \(OAI\) 5G/NR software stack](#) from [Eurecom](#).

Additional information about the OAI mailing lists can be found [here](#) and [here](#).

The archives for the openair5g-nr mailing list can be found [here](#).
