

# Mailing Lists

## Contents

- 1 usrp-users
- 2 discuss-gnuradio
- 3 openbts-discuss
- 4 srslte-users
- 5 Open Air Interface (OAI) Mailing Lists

Discussions involving the USRP hardware and the UHD software itself are best addressed through the **usrp-users** mailing list at <https://lists.ettus.com/list/usrp-users.lists.ettus.com>.

The list archives can be found at <https://lists.ettus.com/empathy/list/usrp-users.lists.ettus.com>.

Discussions involving the use of GNU Radio with USRP hardware and UHD software are best addressed through the **discuss-gnuradio** mailing list at <https://lists.gnu.org/mailman/listinfo/discuss-gnuradio>.

The list archives can be found at <http://lists.gnu.org/archive/html/discuss-gnuradio/>.

More information is available at <https://wiki.gnuradio.org/index.php/MailingLists>.

Discussions involving the use of OpenBTS® with USRP hardware and UHD software are best addressed through the **openbts-discuss** mailing list at <https://lists.sourceforge.net/lists/listinfo/openbts-discuss>.

The list archives can be found at <https://sourceforge.net/p/openbts/mailman/openbts-discuss/>.

Discussions involving the use of srsLTE, from Software Radio Systems, with USRP hardware and UHD software are best addressed through the **srslte-users** mailing list at <https://www.softwareradiosystems.com/mailman/listinfo/srslte-users>.

The list archives can be found at <https://www.softwareradiosystems.com/pipermail/srslte-users/>.

Discussions involving the use of OAI with USRP hardware and UHD software are best addressed through their mailing list. Several mailing lists exist for OAI depending upon the subject, for a list of OAI mailing lists see the following links:

- <https://gitlab.eurecom.fr/oai/openairinterface5g/wikis/AskQuestions>
- <https://gitlab.eurecom.fr/oai/openairinterface5g/wikis/MailingList>

The list archives can be found at the following links:
